

Utah Olympic Park Aerial Shows

Utah Olympic Park Exhibitions Show Enhancements

The enhancements below may be added to our Gold or Silver Medal show packages.
Please contact us for current pricing and availability.

Fireworks

Add the thrill of fireworks to your show, choreographed to the music and incorporated in a spectacular grand finale. Fireworks are subject to weather conditions. This enhancement will really take your event to the 'over the top' status. You can pick one of our preset fireworks packages or customize your own.

Branding the Show

We can put your logo on our athletes and the jumps to give you the best possible branding opportunity. We produce custom banners that hang from the takeoff points of all four of the jumps for maximum exposure. We can customize bibs for our athletes to wear, putting your name on our Olympians, World Champions and future stars of the sport. *(Minimum 6 weeks preparation time needed).*

Trampoline Show

Incorporate our trampoline show into your event at the Utah Olympic Park or another venue during your stay! This high-flying show includes Olympic trampolinists and skiers performing routines on trampolines that will blow you away. These athletes fly 25 feet in the air performing tricks with skis and snowboards.

Olympic Medalist and World Champion Appearances

Flying Ace Productions works with many popular Olympic Athletes who can come speak and appear at your function. These Olympic champions will speak to your group on topics related to their Olympic experiences. They will also bring their Olympic medals for guests to see and touch while they interact with your guests after the show.

CEO Jump

Your illustrious leader, or whomever you choose, can actually be part of your show by taking a jump! Well...maybe...here's the catch: We parade your chosen one (outfitted in full jumping gear) in front of the crowd, then up the steps to the top of the jump where a stunt double is waiting. Your guests' hearts will skip a beat as they watch your VIP flounder at the top before getting huge air. This has been known to fool colleagues for weeks!!

Concert Lighting

This element adds another dimension to the performance, increasing drama and creating a party atmosphere. We can even add the use of projected images and laser light effects.
